

## *News and important information for parents and students*

The future is arriving! / Arrowtown Centre has spaces available /  
Food and drink in the centres / More FM Duathlon / Robotics available /  
Timetable slots available right now

### *The future is arriving for Kip McGrath Queenstown*

#### *Did you know...?*

That Kip McGrath Wakatipu has a centre at **Arrowtown**, just beside the Primary School on Chalmers Place.

We have places there available for all children of primary age, with a maximum of 4 children per session only. Avoid those busy roads coming into town and get signed up now. You don't have to wait until the start of term – you can begin tutoring sessions at any time.

#### *Food and drink at the Centres*

We love that children have chance for a snack and a drink between school and their Kip McGrath session. Please can they either finish this before coming in, or have it at the sofa space. Food doesn't belong in a learning space, we can't disinfect the keyboards every day from fingers that have been in or near mouths, and drinks (unless in a spill proof bottle) aren't safe around computers.

#### *Congratulations to all those who took part in the MoreFM Duathlon*

What great weather we were treated to for race day! Emma was delighted to sponsor the event and to be there to celebrate with you all. Every child went home with a prize and a T-shirt, and hopefully a sense of achievement. Racing, like life, isn't always about winning. *"You are never a loser until you quit trying"*. Mike Ditka

#### *Spaces on the timetable – sign up now!*

We are very pleased to welcome several enthusiastic new staff this year.

We have tutors qualified to teach English and Maths across all ages from 5 to 18 years, plus all NCEA sciences. Look at the timetable spaces we have available (listed below) and sign up this term to get your child ahead on the year!

#### *Robotics Sessions Available*

Martin is offering a robotics course for able 8 year old students and upwards. Spaces are limited so call Kip McGrath now on 442 9616 to register your interest. He can offer sessions at the Queenstown Centre on Thursdays at 5:10-6:30, or on Saturday mornings.  
Emma Wilson

#### Primary / Secondary places available at the Queenstown Centre:

Monday @3:40 years 2 – 6 Maths/English  
Tuesday @3:40 years 2 – 6 Maths/English  
Wednesday @3:40 years 2 – 6 Maths/English
